

Lithium EP 000

Product Description

D-A Lithium EP 000™ is a general purpose lithium grease formulated for excellent mobility and pumping ease in centralized lubrication systems. The red color makes this grease easy to identify during application and operation. The combination of extreme pressure additives and a stable soap structure results in a high quality grease capable of protecting heavily loaded machinery, while remaining in place.

Product Features and Benefits

Special blend of extreme pressure additives *limits wear and reduces friction in normal and severe machine service.*

Rust and corrosion preventatives *protect both ferrous and non-ferrous metals in damp or corrosive environments.*

Red color makes Lithium EP 000 *easy to identify during application and operation.*

Good shear stability and bleed resistance *protect against grease leakage and help control lubrication costs.*

Pumps easily from containers, *perfect for use in central lubrication systems or in all weather conditions.*

Lithium EP 000

Service Applications

Centralized Lubrication Systems
General Lubrication
Bearings
Track Rollers
Drive Rollers

Fittings
Pivot Pins
5th Wheel Applications
Semi-Trailer Landing Gears
Semi-Trailer Wheel Axle Bearings

Typical Properties:

<u>NLGI Grade</u>	000
Color	Red
Texture	Smooth
Soap Type	Lithium
Penetration @ 77 °F Worked 60 strokes	445-475
Dropping Point, F	330
Timken OK Load, lbs.	40
Four-Ball Wear, Scar mm	.52
Four-Ball Weld, Kg	315
Rust Protection	Pass
