

WearGuard™ D-A FQL Air Tool 32 is fully-formulated as food-grade H-1 air tool oil developed to meet FDA 21 CFR 178.3570, is NSF listed and registered as Kosher. This oil is blended with high performance antioxidants and anti-wear additives to meet the challenges of industrial environments. **WearGuard™ D-A FQL Air Tool 32** provides lubrication of all air line equipment used in food-processing plants.

Characteristics

- Excellent Antioxidant and Anti Wear Properties

Typical Properties

WearGuard™ D-A FQL Air Tool 32	ASTM Test	WearGuard™ D-A FQL Air Tool 32
ISO Viscosity Grade	D2422	32
Viscosity, cSt.	D445 40° C	32
	D445 100° C	6.0
Viscosity Index	D2270	135
Pour Point	D97° C	-50
	D97° F	-58
Flash Point	D92° C	245
	D92° F	473
Specific Gravity	D1298° C	0.83
Copper Corrosion	D130	1b
