Supporting American Farms. One Drop at a Time.

At D-A Lubricant Company®, we take pride in being a family-owned and operated manufacturer of high-quality lubricants, made right here in the USA. Our commitment to excellence and community is at the heart of everything we do, and we understand the unique challenges faced by both locally-owned family farms and large corporate farms.

Why Choose D-A Lubricant Products?

Cost Efficiency: Our advanced lubricant formulations are designed to maximize the efficiency of your farm equipment, helping you lower the cost per bushel for crops and reduce the ranching cost per head of cattle. By minimizing wear and tear, our lubricants extend the lifespan of your machinery, reducing maintenance costs and downtime.

Supporting Local Economies: By choosing D-A products, you are supporting a family-owned business that reinvests in local communities. We understand the importance of keeping American farms thriving and provide products that help you succeed.

Sustainability: Our lubricants are engineered to meet the highest environmental standards, ensuring that your farming practices remain sustainable. We believe in protecting the land for future generations, just as you do.

Reliability and Performance: With decades of experience in the industry, we have built a reputation for delivering reliable, high-performance products. Our lubricants are rigorously tested to ensure they meet the demands of modern farming operations.

Generational Support: We are committed to supporting family-run farms so that they can be passed down to the next generation. By providing cost-effective and efficient solutions, we help ensure that these farms remain viable and competitive in the long term.

Join the D-A Lubricant Company Family

When you choose lubricants from us, you're not just buying a product; you're joining a community dedicated to the success and sustainability of American agriculture.

Together, we can keep our farms running smoothly and our communities strong.
