D-A LUBRICANT COMPANY

MARINE EQUIPMENT LUBRICATION. FROM BOW TO STERN.

ENGINE OILS

DIESEL	Reliant Premium – Meets the needs for most marine diesel engines requiring an API CK-4 15W-40 or 10W-30.
NATURAL GAS	Blue Flame HB-5 15W-40 – Low ash, mineral based motor oil designed for LPG or natural gas powered mobile or stationary marine engines.
GASOLINE	PennGrade Full Synthetic SAE 5W-30 or 10W-30 is designed for use in gasoline powered marine 4 stroke engines.

HYDRAULIC OILS

ANTI-WEAR	Presurflo ISO 32-68 anti-wear (zinc containing) hydraulic fluids for lifts, dredges or other marine hydraulic applications not requiring a readily biodegradable oil.
NON-TOXIC/ BIODEGRADABLE	HydraSafe ISO 32-68 mineral based, anti-wear, zinc free, non-toxic, inherently biodegradable hydraulic fluid for modern high pressure marine hydraulic systems. Eco-flo ISO 32-68 vegetable based, anti-wear, zinc free, non-toxic, readily biodegradable hydraulic fluid for modern high pressure marine hydraulic systems.

GEAR OILS

GTD ISO 68-1000, mineral based, mild EP (extreme pressure) gear oil for use in speed reducers and marine gearboxes.

GearSyn EP ISO 68-680 synthetic based, mild EP gear oil for use in higher temperature applications such as marine speed reducers and gearboxes.

GearSyn RO ISO 68-680 synthetic based, non-EP gear oil for use in higher temperature applications such as marine speed reducers and gearboxes not requiring EP protection.

GREASE

Titan Blue NLGI #1 or #2, Lithium Sulfonate Complex thickened, mineral based grease. Titan Blue's outstanding water-resistant properties along with its tenacious cling ability, make this grease an excellent choice for marine applications.
